RESUME SUMMARY

Ambitious computer science student seeking a software engineering internship. Interested in pursuing a career in software development or web development.

SKILLS

Hard Skills: Python, Java, JavaScript, HTML, CSS, jQuery, Bootstrap, React, Node.

Soft Skills: Communications Skill, Problem Solving, Teamwork, Eager to Learn, Organization.

PROJECTS

Personal Website

<https://anhoang.netlify.app>

- Created a fully responsive professional portfolio website using React.js and CSS to style it.
- Created React JS components, Forms, and Routing.

Covid-19 Tracker

<https://covid19tracker-anhoang.netlify.app>

- Developed a web application that visualizes COVID-19 Data of all the provinces in Canada using React.js and the opencovid API.
- Extensively used Git for version controlling and regularly pushed the code to GitHub.

Flight Reservation System

https://github.com/leodan2002/Flight_Reservation_System_P2

- Developed a Java-based flight reservation simulator that can help reserve or cancel a seat, print the flight's list, check if the seat is available, and sort aircraft and flights.
- Implemented Object Oriented Programming concepts to the project.

EDUCATION

Ryerson University | *Bachelor of Computer Science*

Toronto, ON | **Sept 2020 - 2025 (Expected)**

- CGPA: 3.73
- 2020-2021 Dean's List

PROFESSIONAL EXPERIENCE

Drywall Taper Construction - PART-TIME

Toronto, ON | **Sept 2020 - Present**

Assistant Taper
